Microsystems Appoints Kathy Kibby as Senior Account Executive

Downers Grove, IL – July 1, 2009 – Microsystems, a leading document creation and quality control software provider for the legal and life science sectors, today announced the appointment of Kathy Kibby as Senior Account Executive.

Kathy brings considerable experience in providing software solutions to the legal industry. Most recently, Kathy held director level client development positions at IntApp, Inc., LexisNexis and Interface Software (flagship product InterAction), which was acquired by Lexis Nexis in 2004.

"We're fortunate to have Kathy join our team; her software solution sales experience into the legal market will provide a key advantage in demonstrating the strength of our solutions to the industries Microsystems serves," said Steve Brescia, Vice President of Sales for Microsystems.

About Microsystems

Founded in 1995, Microsystems is a global leader in document lifecycle software and services designed to improve the total document creation and quality control processes of document-intensive businesses. The company helps more than 650 client firms and companies increase document production efficiencies and reduce costs and risk. Microsystems is based near Chicago in Downers Grove, Illinois.
