Microsystems Introduces Correspondence, Pleadings, Numbering, Table of Contents and DocID Software Solution- Legal TemplatesPlus

Downers Grove, IL – September 1, 2009 –Microsystems, a leading document creation and quality control software provider for the legal and life science sectors, today announced the release of its highly-anticipated Correspondence, Pleadings, Numbering, Table of Contents and DocID software solution, Legal TemplatesPlus.

Legal TemplatesPlus is a complete solution designed to drastically **simplify** document drafting, template design and maintenance. In addition, Legal TemplatesPlus lowers the total ownership cost of a template, numbering and macro package.

Legal TemplatesPlus supports the law firm business process and user experience; it:

- Improves the user experience in both Word 2003 & 2007
- Provides a familiar user interface for drafting everyday documents
- Automatically connects to contact sources, eliminating duplicative data entry
- Simplifies interaction with complex Word features
- Minimizes dependency and costs associated with maintenance changes
- Accelerates deployment time through pre-built automation
- Simplifies Office migration initiatives, reducing training
- Supports an easy-configurable dialogue box interface
- Enables the creation of Toolbars and Ribbons fit to purpose
- Optimizes technology advancements, improving business process

[Legal TemplatesPlus](#) integrates with the full suite of Microsystems software products, creating a complete document authoring environment that includes the essentials for document creation, document quality control, formatting and clean-up.

About Microsystems

Founded in 1995, Microsystems is a global leader in document lifecycle software and services designed to improve the total document creation and quality control processes of document-intensive businesses. The company helps more than 650 client firms and companies increase document production efficiencies and reduce costs and risk. Microsystems is based near Chicago in Downers Grove, Illinois.
